

## FLYING INSECT KILLERS - RAT CATCHERS

## FLYING INSECT KILLERS

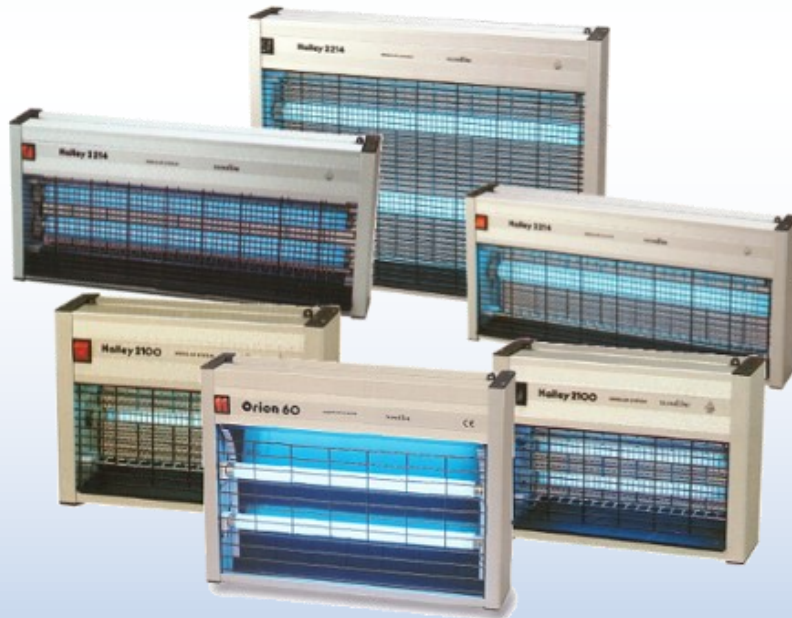

We have been concerned to create insect exterminators that have a very high durability over time: for this purpose the frames were built entirely in extruded aluminum.

The ductility of this material has also allowed to obtain a modern and certainly pleasant line in order to avoid to alter the aesthetics of the environment

Our products have been designed to meet all needs:

- **HALLEY** series includes electric exterminators;
- **ORION** series includes exterminators with glue cardboard, suitable for public places and work environments.

Supply voltage is 220V - 50Hz. Different voltage upon request only.

Codice: **5011**                      **Halley 2138**  
with 1 of 15w lamp                      Protected area: 120m2 ca  
Dimensions: 510x385x120 mm                      Weight: 7,0 kg  
Suitable for shops, meat plants, grocery stores, bars, restaurants, pizzerias,...

Codice: **5013**                      **Halley 2138**  
with 2 of 15w lamps                      Protected area: 150m2 ca  
Dimensions: 510x385x120 mm                      Weight: 7,4 kg  
Suitable for shops, meat plants, grocery stores, bars, restaurants, pizzerias,...

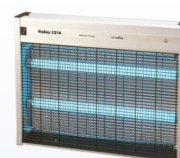

Codice: **5015**                      **Halley 2138/E**  
with 1 of 15w lamp                      Protected area: 100m2 ca  
Dimensions: 510x385x120 mm                      Weight: 7,1 kg  
Suitable for medium/large OUTDOOR environments

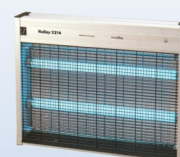

Codice: **5021**                      **Halley 2214**  
with 1 of 40w lamp                      Protected area: 200m2 ca  
Dimensions: 660x520x120 mm                      Weight: 10,0 kg  
Suitable for wide environments such as supermarkets, store departments, ...

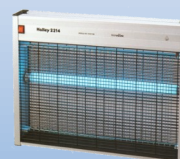

Codice: **5023**                      **Halley 2214**  
with 2 of 20w lamps                      Protected area: 200m2 ca  
Dimensions: 660x520x120 mm                      Weight: 10,2 kg  
Suitable for wide environments such as supermarkets, store departments, ...

Codice: **5025**                      **Halley 2214**  
with 2 of 40w lamps                      Protected area: 300m2 ca  
Dimensions: 660x520x120 mm                      Weight: 10,5 kg  
Suitable for wide environments such as supermarkets, store departments, ...

Codice: **5027**                      **Halley 2214/E**  
with 1 of 40w lamp                      Protected area: 200m2 ca  
Dimensions: 660x520x120 mm                      Weight: 10,1 kg  
Suitable for gardens, outdoor restaurants and pizzerias,

Codice: **5031**                      **Halley 2214/B**  
with 2 of 20w lamps                      Protected area: 200m2 ca  
Dimensions: 660x310x120 mm                      Weight: 7,7 kg  
Suitable for wide environments

Codice: **5033**                      **Halley 2214/B**  
with 2 of 40w lamps                      Protected area: 300m2 ca  
Dimensions: 660x310x120 mm                      Weigth: 8,0 kg  
Suitable for wide environments

Codice: **5035**                      **Halley 2214/BE**  
with 1 of 40w lamp                      Protected area: 200m2 ca  
Dimensions: 660x310x120 mm                      Weigth: 7,6 kg  
Suitable for wide OUTDOOR environments

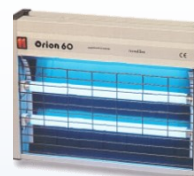

Codice: **5101**                      **Orion 30**  
with 2 of 15w lamps                      Protected area: 120m2 ca  
Dimensions: 510x385x130  
Range: 8m approx

Codice: **5102**                      **Orion 30**  
with 2 of 15w covered lamps                      Protected area: 120m2 ca  
Dimensions: 510x385x130  
Range: 8m approx

Codice: **5103**                      **Orion 60**  
with 4 of 15w lamps                      Protected area: 240m2 ca  
Dimensions: 510x385x130  
Range: 16m approx

Codice: **5104**                      **Orion 60**  
with 4 of 15w covered lamps                      Protected area: 240m2 ca  
Dimensions: 510x385x130  
Range: 16m approx

Codice: **5541**                      **Spare lamp 6W**

Codice: **5542**                      **Spare lamp 8W**

---

Codice: **5543**      **Spare lamp 15W**

---

Codice: **5544**      **Spare lamp 20W**

---

Codice: **5545**      **Spare lamp 40W**

---

Codice: **5547**      **Spare covered lamp 15 W**

---

Codice: **5561**      **Spare flypapers for ORION 30**

2 off flypapers

---

Codice: **5562**      **Spare flypapers for ORION 60**

2 off flypapers

## ULTRASONIC RAT-CATCHERS

The rat-catcher FELIX 400 disperses rodents using variable sound pressure. This system prevents the rodents from becoming accustomed to one sound pressure. Felix 400 is a self-contained unit, operating automatically with variable frequency and with pause facility, controlled by a switch on the front of the apparatus.

Very wide range of application: houses, shops, offices, hotels and restaurants, canteens, cellars, warehouses and depots of all types - especially storing foodstuffs.

The unit is generally wall-mounted at a height of 2/3 metres, keeping ultrasonic sound emissions directed towards the centre of the area.

### TECHNICAL DETAILS:

- Operating voltage: 220V 50-60Hz.
- Consumption: from 10W to 3W
- Protected area:
  - ⇒ main device alone from 100 to 200 sq. m.;
  - ⇒ with 10 connected repeaters from 600 to 1200 sq. m. depending on the environment.
- Frequency: 22.000Hz - 28.000Hz.
- Ultrasound wave: 96/110 dB.
- Outlet for the connection from 1 to 10 repeaters.
- N°3 LED:
  - ⇒ green = plugged in
  - ⇒ red = signal emission.

---

Code: **9000**                      **Felix 400 - main device**

Dimensions: **23,5cm x 21cm x 12cm** - Weigh: **1,8 kg**

Protected area: from 100 to 200 sq.m.

---

Code: **9002**                      **Signal repeater**

Dimensions: **16cm x 11,5cm x 12cm** - Weigh: **900 g**

Protected area: with 10 repeaters from 600 to 1200 sq.m.
